DEMOLITION PERMIT APPLICATION INSTRUCTIONS:

Please use this checklist to ensure your application is complete. Incomplete applications WILL NOT be processed.
If you have any questions while filling out this application, please contact the Community Development Department at (616) 364-1190.

FORMS

- Complete the Application for Construction Permit
- Complete the Demolition Permit Utility/Service Disconnect Verification form
- Complete the Performance Bond Reimbursement form

FEES

- **Application fee is \$100 and the performance bond is \$200.**
- Please be aware that additional fees may be required for disconnection of public water and/or sewer.
- Note: If property is within 500 feet of a body of water, a **Soil Erosion Permit may be required.** Contact KCRC 242-6910

PLAINFIELD CHARTER TOWNSHIP DEPT OF PUBLIC SERVICES DEMOLITION PERMIT REQUIREMENTS

You must adequately fill out the demolition permit requirements. Below is a list of specific requirements depending on the future development of water, sewer, well and septic service needs. These requirements must be met prior to a "Demolition Permit" being issued from the Community Development Department. Please contact the water department at 616-363-9660.

EXISTING WATER SERVICE WILL BE UTILIZED:

1. Prior to demolition the property owner/agent is responsible for removing the water service to the curb stop. An inspection (minimum 24 hour notice) of exposed service by the Water Department personnel is required. During this inspection the water department personnel will obtain a final meter reading and remove the water meter.
2. The water service will be disconnected from the main service and capped. If the property owner/agent prefers, the water department personnel can perform the service disconnect for a fee. Please contact the water department for details and scheduling.
3. It is the responsibility of the property owner/agent to maintain and protect this service during construction at the site.

WATER SERVICE ELIMINATION:

1. Prior to demolition the existing water service must be disconnected at the main. This service is to be performed by the Township's Water Department personnel. The property owner/agent will be charged for this service at the Water Department's current rate of time and material.
2. The property owner/agent must schedule an appointment (minimum of a one week notice) with the water department to obtain a final reading and pull the water meter.

NEW WATER SERVICE IS REQUIRED:

1. The property owner/agent is responsible for contacting the Township's Utility Billing Department to pay all fees and charges for a new water service connection and meter.
2. This service is to be performed by the Township's Water Department personnel. The property owner/agent will be charged for this service at the Water Department's current rate of time and material.

OPEN WELL ON THE PROPERTY:

1. All wells must be properly abandoned and recorded with the Kent County Health Department. The property owner/agent must obtain an Abandoned Water Well and Pump Record, issued by the Kent County Health Department and must provide a copy to the Township before a demolition permit is approved and issued from the Community Development Department.
2. If the well is properly maintained and is in good condition, it may be utilized for irrigation purposes only. It is the responsibility of the property owner to maintain and protect this well during any construction at the site.

ABANDONED WELL ON THE PROPERTY:

1. The property owner must attach a copy of the Kent County Health Abandoned Water Well and Pump Record.

EXISTING SEWER CONNECTION WILL BE UTILIZED:

1. Prior to demolition the property owner/agent is responsible for disconnecting the sewer lateral from the building and protecting it outside of the construction zone.
2. The end of the lateral must be capped and inspected by the North Kent Sewer Authority representative prior to backfilling. A wooden 2x2 must be buried vertically at the end of the lateral for locating it in the future.
3. It is the responsibility of the property owner/agent to maintain and protect this sewer lateral during construction at the site.

SEWER CONNECTION ELIMINATION:

1. If the sewer connection will be eliminated, the sewer lateral must be disconnected at the right-of way line.
2. The end of the lateral must be capped and inspected by the North Kent Sewer Authority **prior to backfilling**. A wooden 2x2 must be buried vertically at the end of the lateral.

SEPTIC SYSTEM ON THE PROPERTY:

1. **If the septic system is being abandoned, the property owner must attach a copy of the Kent County Health Department or contractor record showing it was properly pumped and closed before a demolition permit will be issued. A copy of the crush record must be provided to receive a bond refund.**
